

To Whom It May Concern:

ATTENTION: Interested Bidder's: Please See Instructions for PENTA's Bid List Pre-qualification Application Process!

The PENTA Building Group is pleased to know that your firm would like to pursue placement on our pre-qualified list of bidder's; as we are always looking to build new relationships! It is PENTA's company policy, however, that requires all subcontractors to complete our pre-qualification process, in order to determine bid list placement eligibility.

Completing, & submitting (via email) the following application (& the required back-up paperwork), is the 1st step that needs to be taken by ALL company-types, pursuing placement on PENTA's pre-qualified list of bidder's!

BEFORE GETTING STARTED ON THE APPLICATION:

Please thoroughly read the below list of instructions; as different company-types have different requirements

- **SUBCONTRACTORS (& ALL Other Company-Types that Perform a LABOR COMPONENT):**
 - Submit application, completing only 'Subcontractor Application' portion
 - Submit all back-up paperwork, providing only from 'Subcontractor Back-up Paperwork'
 - Complete a final interview, conducted by a PENTA Senior Estimator/PM (assigned to you/will contact you)
- **VENDORS/SUPPLIERS, CONSULTANTS, ENGINEERS, ETC...(& ALL Other Company-Types):**
 - Submit application, completing only 'Vendors/Suppliers Application' portion
 - Submit all back-up paperwork, providing only from 'Vendors/Suppliers Back-up Paperwork'
 - An interview is NOT required, & therefore, will not be set-up, for vendors/suppliers, consultants, engineers, ETC

UPON RECEIPT: Your Completed Application (& back-up paperwork) is sent off to our Pre-qualification Review Board, to determine bid list placement approval status. You'll be notified before they are complete, if: (1) Additional info is required; (2) Required paperwork was missing; & (3) Submitted paperwork was rejected.

ALL BACK-UP PAPERWORK MUST BE SUBMITTED TO BE ELIGIBLE FOR BID LIST PLACEMENT

Otherwise, please await notification on the status of your application; as you will be immediately contacted when the Review Board has finished processing your paperwork, & is ready for your company to move on to the next step in the process!

The next step depends on the company-type, but ultimately; all applications may be approved, rejected, or not approved (at this time). For Vendors/Suppliers, Consultants, & Engineers; you'll receive final notification shortly after all paperwork has been accepted.

For Subcontractors, you'll receive final notification after you've completed the final interview. Once all paperwork has been accepted, you'll be notified that you've been placed on our interview schedule & should await contact from a PENTA interviewer. All companies will receive their final bid list placement approval notification, via email, (to identified company contacts); & if approved, info on working w/PENTA on upcoming job opportunities! *(Please note though, that, pre-qualifying does NOT insure an award of a contract; but does add you into our database of potential pre-qualified company's for future bids; & the Pre-qualification process must have been completed, prior to an award of a contract. As well, all applications/paperwork MUST be updated on an annual basis to remain active).*

SCAN & EMAIL (all in 1 PDF file attachment, if possible) TO: jvalent@pentabldggroup.com

Please do not hesitate to contact us with any questions you may have! For company's seeking placement on our Reno or Palm Springs pre-qualified list of bidder's; please inquire to the email provided above, for information on how to do so.

We greatly appreciate your interest, time, effort, patience, & cooperation; & look forward to speaking with you soon!

Respectfully,

THE PENTA BUILDING GROUP

SECTION 14. VENDOR/SUPPLIER BACK-UP PAPERWORK

A. Please compile & submit, along w/the application; the following paperwork:

Missing items could result in delay &/or rejection of Subcontractor Pre-qualification w/PENTA

(1) PENTA's Subcontractor Project/Backlog Worksheet

(1a) Full completion of PENTA's 2-page Project/Backlog Worksheet, including Reference info

(1b) This Worksheet is included in this package & is filled out by you

(2) Any back-up paperwork from Subcontractor paperwork (which you do have or possibly could provide)

(2a) Depending on Company-type of your firm

(2b) Is **NOT** a requirement, but anything you have that you can submit; will help PENTA's Review Board; make their determination all that much faster!

(3) Company/Product/Service brochure/pamphlets/catalogues, company literature, price lists,

Company history/info literature, specialty photos, management team/owners resumes, ETC...

****Please note:**

(A) PENTA understands that companies' in this category may NOT have the type of back-up paperwork/info we typically require, but do request that you submit as much as you can, w/your completed application, as possible; so that PENTA's Review Board can use that info to determine if your company's services &/or products, would make your company as a whole, a good addition to our bid list. Basically, anything your company can provide to give PENTA more insight into what you do, how you do it, & possibly, why PENTA would use your product over another's, ETC... There is NOT a face-to-face, formal pre-qualification interview for company-types such as vendors/suppliers, consultants, or engineers; so this would be the opportunity to present your goods to our team...as we will also internally distribute all of the provided info, to our job-sites & field personnel, for their use, to get put into the hand's of the people who would actually need to use your products/services.
